

Mission Montessori Academy at St. George
Students Earning Money for the Experiential Learning Trips & Activities

During your 7th & 8th grade years, you will experience some of the greatest trips and opportunities of your life. But like all good things in life, it comes with a cost. You are beginning a change in your development that will allow you to work on becoming more independent.

- This summer, you (Student) are responsible for earning part of the money for your opportunities! You must raise a minimum of \$500.00 by August.
- You must complete the log (on the back) to set goals and track your funds.
- Discuss with your parents where you will store your money: can you open a savings account? Put it in an envelope in a kitchen drawer?
- Your trip money is due during your Goal Setting Conference in August
- You will give a short presentation on your experience Friday, August (How did you earn your money, what did you learn, did you have any setbacks, how did you persevere?)

I. Brainstorm

What are some ways you could earn money this summer? How much will you charge?
Discuss with your parents.

- Walk dogs?
- Babysit?
- Yard work?
- Saving from your allowance?

Ideas:

II. Set your financial goals

Week	Goal	Doing what?	Amount Achieved
June 4	\$		
June 11	\$		
June 18	\$		
June 25	\$		
July 2	\$		
July 9	\$		
July 16	\$		
July 23	\$		
Aug. Goal Conference MONEY DUE!	\$
